PUBLIC WORKSHOP NOTICE

The Nevada Division of Water Resources (NDWR) has scheduled a workshop to guide recipients of water rights issued pursuant to the ARCO settlement in filing their Proof of Completion of Work (POC), which is required as a condition of the permit's approval. Staff from Water Resources will be available at the Walker River Irrigation District office located at 410 North Main Street, Yerington, NV 89447 on **Wednesday, September 13, 2017, from 10:00 a.m. through 2:30 p.m.** to assist in completing the POC form. Individuals interested in attending are welcome to arrive at any time within this scheduled timeframe; however, attendance at this event is not mandatory.

To expedite filling out the POC, please bring any relevant documents you have available regarding your water right and well e.g. a copy of your permit, well drillers log, pump and motor information, totalizing meter information, etc., and a current reading of the totalizing meter if it is practical to obtain. Also, to complete the filing you will need to bring a valid ID and either cash, check, or money order payable to NDWR to cover the \$60.00 statutory filing fee.

The goal of the Division of Water Resources is to conserve, protect, manage and enhance Nevada's valuable water resources in a fair and equitable manner by administering and enforcing Nevada water law. If you have any questions, please contact either Reed Cozens, P.E. at (775) 684-2416 or the undersigned at (775) 684-2855.

Sincerely,

s/ Chad N Walling

Chad N. Walling, P.E.
